

## List of all MEG / FEM Master Theses, including supervisor

Programme	Title of MSc thesis	Institute
MEG	Protected Areas' initiatives and Local Governments: Interpreting discourses on development	Cultural Geography
MEG	Impacts of land reform on dehkan farmers' livelihoods in Uzbekistan	Cultural Geography
MEG	What Fuels the Drive to Drive: The Motivations Behind the Travel Behaviour of Car Users in Freiburg im Breisgau, Germany	Cultural Geography
MEG	Children's Environmental Health	Educational Sciences (Faculty of Economics and Behavioural Sciences)
MEG	Freiburg Environmental Policy as a Concept to reduce CO2 emission	Forest and Environmental Policy
FEM	The Role of the Local Communities in the Conservation of Bannerman's Turaco in the Bamenda Highlands, North West Province, Cameroon	Forest and Environmental Policy
MEG	Assessing rent-seeking behaviours in Romanian private forestry from a property-rights perspective	Forest and Environmental Policy
MEG	Canadian Climate Policy Analysis: Determining the factors which impelled the topic of industrial greenhouse gas regulations onto the policy agenda	Forest and Environmental Policy
MEG	Conflict Dynamics: An Analysis of Human-lynx Conflicts in Sweden and Switzerland	Forest and Environmental Policy
MEG	Environmental Conflicts in Mongolia. Analysing Impacts of Mining with regards to Political Ecology Approach	Forest and Environmental Policy
MEG	Genetic Resource Trading in the Aftermath of the Convention on Biological Diversity: An Interdisciplinary Reflection on Chances and Challenges to Tropical Countries	Forest and Environmental Policy
MEG	How stakeholders can address potential conflicts constructively: Two case studies from biogas production plants	Forest and Environmental Policy
MEG	NGO managed private protected areas. Motivation, acceptance and contribution to national conservation approaches.	Forest and Environmental Policy
MEG	Reducing Emissions from Deforestation and Forest Degradation in Cameroon	Forest and Environmental Policy
MEG	The nuclear energy discourse in France and Germany from 1988-2008	Forest and Environmental Policy
MEG	Value of Corporate Political Networking: Surveyed Examples in the Area of Renewable Energy	Forest and Environmental Policy
MEG	Public Participation in Transboundary Environmental Impact Assessment in Selected Shared River Basins in Mesoamerica	Forest and Environmental Policy
FEM	Net Changes of Carbon in the Biomass of Croatian Forests from 2008-2012. An assessment of the consequences on choosing the option forest management under article 3.4 of the Kyoto Protocol	Forest and Environmental Policy
FEM	The implementation of Education for Sustainable Development in the field of environmental protection in Germany. Suitability - Difficulties - Potentials	Forest and Environmental Policy
FEM	Managing on-farm trees for timber production in south western Ghana	Forest Biometry

FEM	The Contribution of <i>Prunus Africana</i> to the Livelihoods of the People of Kilum-Ijim, North-West Province, Cameroon	Forest Biometry
MEG	A Case Study of National Aboriginal Forestry Association. Is Social Capital crucial between NAFA and NAFA members for a collective action?	Forest Economics
MEG	Case Study: Minera Huallanca S. A. - Reviewing Sustainability Reporting Practices for the Peruvian Mining Sector	Forest Economics
MEG	Corporate Social Responsibility in Mid-Sized Peruvian Companies: Current Status of Awareness, Risks and Opportunities for the Agro-Industry	Forest Economics
MEG	Corporate Socially Responsible Practices in the Context of Romanian Forest-based Industries. A Case of Multinationals and Large Companies	Forest Economics
MEG	Environmental ethical implications of the EU Biodiversity Action Plan for Agriculture in relation to the Convention on Biological Diversity	Forest Economics
MEG	How to ensure the co-benefits of emission reduction and biodiversity conservation through REDD. A proposal of market-based model	Forest Economics
MEG	Observing Corporate Social Responsibility's Development in China - Through the Comparison between SA8000 and Labour Law of P.R. China	Forest Economics
MEG	Organizational Adaptation to Climate Change. Two Case Studies on the Climate Change Adaptation Strategies of the Insurance Sector	Forest Economics
MEG	Policy for biomass production and utilisation in the European Union. Case study of Germany	Forest Economics
MEG	Subsidies and Global Warming. The Case of Fossil Fuels in Venezuela	Forest Economics
MEG	The Role of Private Actors as Norm-Entrepreneurs in Water Governance Networks.	Forest Economics
MEG	The governance of Energy Efficiency in Brazil: Public sector and the performance contract case	Forest Economics
MEG	Analysis of Food Policy Measures: Identification of causes of policy responses to food price changes 2006-2008	Forest Economics
MEG	Sustainable Development and the Clean Development Mechanism: Market Tools for a Market Based Approach	Forest Economics
MEG	REDD (Reduced Emissions from Deforestation & Destruction): NGO's perspective on its evolvement process.	Forest Economics
MEG	World Bank and Climate Change. Contribution to the objective of the UNFCCC through financing sustainable energy	Honorary Professor Forest Economics
FEM	Institutional Arrangements and Coordination Mechanisms to Implement Natural Resource Management Strategies in Namibia	Honorary Professor Forest Economics
MEG	Exploring Emerging Governance Concepts: Tracing the Evolution of the Alpine Convention, the Carpathian Convention and the South East European Mountain Initiative	Honorary Professor Forest Economics
MEG	Economic and cultural value of 10 selected tree species in the Jiang Province, China	Honorary Professor Forest Growth
FEM	Comparison of two different treatments of <i>Mytilaria Laosensis</i> from Guangxi, China by analyzing diameter, basal area and volume growth	Forest Growth
FEM	Effect of the 2003 drought on the height growth of <i>Picea abies</i> (L.) Karst in the Swabian Alb, Germany	Forest Growth
FEM	Growth variations in virgin forests of Common Beech ( <i>Fagus sylvatica</i> L.) due to changing climatic conditions. A dendroecological study in Albania	Forest Growth
FEM	Growth variations in virgin forests of Common Beech ( <i>Fagus sylvatica</i> L.) due to changing climatic conditions. A dendroecological study in Macedonia	Forest Growth
FEM	Impact of climatic variation on growth and wood density of young poplar	Forest Growth
FEM	Producing Valuable Wood in Guangxi China within Agroforestry Systems. Assessment of Eligible Tree Species.	Forest Growth

FEM	Valuable Broadleaved Timber in China: Production, consumption and market	Forest Growth
FEM	Vergleichende Studien zur Kronenentwicklung an dicht bis solitär erzogenen Z-Bäumen in Douglasiendemonstrationsflächen des Instituts für Waldwachstum	Forest Growth
FEM	Charcoal production and its role in the socio-economic conditions of people - a case study from the State of Jammu and Kashmir, India.	Forest Utilization and Work Science
FEM	Ecological considerations for Risk Management of the Hemlock Woolly Adelgid in the Hocking Hills, Ohio USA	Forest Zoology
FEM	Population Ecology and Predators of Blue Sheep ( <i>Pseudois nayaur</i> ) in Dhorpatan Hunting Reserve, Nepal	Forest Zoology
FEM	Status review of CITES-listed Galliformes	Forest Zoology
FEM	"Estimation of $\beta$ -diversity for presence/not detected (possible) of terrestrial fauna in the Basin of the Rio Magdalena, Mexico"	Forest Zoology
MEG	Possible Synergies Between Carbon Forestry and FSC (An application of grounded theory)	Honorary Professor Forest Economics
FEM	Settlement Patterns Related to Water Availability in the Holy Land	Hydrology
FEM	Systematic assessment of the conservation and management of the Eurasian Lynx ( <i>Lynx lynx</i> L.) in the cultural used landscapes of Germany. An assessment based on publicly available information.	Landscape Management
FEM	An Exploration of Human Dimension of Fire: People's Perceptions and a Community Level Planning	Max-Planck-Institute Fire Ecology
MEG	Adaptability of Global Indicator Systems of Sustainable Development in a Post-Conflict-Sarajevo. A Case Study	Physical Geography
MEG	Analysis of the environmental .... of the air... in Alberta, Canada	Physical Geography
MEG	Design of a Decision Making Approach for the Primary Public Health System in Chile	Psychology, University of Kassel, external MEG-lecturer
FEM	Mapping and Volume Estimation of Deadwood from Aerial Photographs	Remote Sensing and Landscape Information Systems
FEM	Allometric Biomass Equations for Plantations of <i>Eucalyptus globulus</i> and <i>Eucalyptus nitens</i> in Australia	Silviculture
FEM	Clarifying the Understanding of Learning and Participation: An Exploratory Survey of Participatory Forestry Approaches in the Amazon	Silviculture
FEM	Earning money with Chinese Non-Timber Forest Products: the value chains of mu er-mushroom, bamboo shoots and medicinal herbs in Germany	Silviculture
FEM	Factors influencing Essential oil yield of different Myrtaceae ( <i>Eucalyptus</i> and <i>Corymbia</i> ) species growing in Ethiopia	Silviculture
FEM	Natural disturbance regimes in beech dominated forests in Central Europe: implications for nature-based silvicultural systems	Silviculture
FEM	Opportunities for and barriers to the implementation of REDD agroforestry projects (Reduced Emissions through Reduced Deforestation and Degradation) on the local level: Case Study Cameroon	Silviculture
FEM	Species Composition and Diversity of Tropical Forest in the Context of Forest Fires in India	Silviculture
FEM	The influence of social and economic parameters on landscape dynamics and land use changes in the Amazon at the household-level using remotely-sensed imagery. A case study in the community of Palmares II, Brazil	Silviculture
FEM	Traditional use of fire for the provision of ecosystem services. A case study in BRT Wildlife Sanctuary, India	Silviculture
FEM	Variations in Ecosystem Services from Different Plantations in the Eastern Himalayas, India	Silviculture

MEG	'From knowledge transfer to knowledge exchange': Analysis of smallholders' and professionals' perceptions on tree growing in the Amazon.	Silviculture
MEG	Cost of change: Financial implications for Barazilian timber enterprises in the Amazon adopting Reduced Impact logging	Silviculture
MEG	Decisive life events. Small farmers coping and adapting. The Bolivian Amazon Case	Silviculture
MEG	Governing Roads in the Amazon: A Critical Analysis of Tools and Approaches	Silviculture
MEG	REDD Governance: Corruption as a Catalyst for Deforestation in Ecuador	Silviculture
MEG	Representation of Sustainable Forest Management in Chinese Official Newspapers: An Approach of Critical Discourse Analysis	Silviculture
MEG	Society Change in Amazonian Communities, though Intervention from External Organizations	Silviculture
FEM	Quantifying the Development of Oak/Scots Pine and Oak/European Larch Stands in Ireland	Silviculture
FEM	Influence of Forestry Management Practices on Understorey Vegetation in Forest Stand Gündlingen, Freiburg	Silviculture
FEM	Morphological Variability of Down Oak ( <i>Q. pubescens</i> Willd.) and its Hybrids in Relation to Climate in Southwest Germany	Silviculture
FEM	Site demands of the invasive species <i>Ailanthus altissima</i> (tree of heaven) in urban environments. A case study in Freiburg, Germany.	Silviculture
FEM	"Regeneration of the main coniferous species <i>Pinus pinea</i> L., <i>Pinus halepensis</i> Mill. & <i>Juniperus oxycedrus</i> L. subsp. <i>macrocarpa</i> (Sibth. & Sm.) Ball) of the pine forest of the Schinias and Marathon National Park, Greece"	Silviculture
FEM	Imprints of coarse woody debris (CWD) in loess soils near Kenzingen, south-western Germany.	Soil Science and Forest Nutrition
FEM	Assessment of Avian Communities in Forest Elephants ( <i>Loxodonta Cyclotis</i> ) Range in Ghana	Wildlife Ecology and Management
